The Wave Discussion Questions https://www.youtube.com/watch?v=JFnH1c91d9Q

1. What lesson was Mr. Ross trying to teach his students?

2. How does this video fit into our study of *research methods in Psychology*?

3. If you were "the researcher", what would you do differently?

4. The same?

5. What challenges would be associated with replicating this today?

6. What ethical concern(s) would there be with doing this at CBCS (or any other school)?
