Exploration

1. Tape 3 "timeline pages" together on the corners (connecting timeline)
2. Make 1 small "hash mark" (|) every 1 inch on the timeline (begin on Right Side)
3. 1<sup>st</sup> year mark (Right Side) is 2100
4. Count backwards 100 years for every inch mark until "year 0"
5. Continue counting backwards from "year 0" until 1000 BC
6. Label years back to 1000 BC
7. Mark/Designate one side of "year 0" AD/CE (right) and one BC/BCE (Left)
8. Color each topic box above a different color. Ex: Roman Republic = Orange

- 1. Make sure each topic box a different color. Ex: Roman Republic = Orange**
- 2. Cut our topics (all together) and paste in bottom left corner of timeline.**
- 3. Begin by pasting 800BC – Rome Founded on the appropriate year on the top section of the timeline**
- 4. Post all topics through 27BC – Octavian crowned emperor on the top section**
- 5. Draw a line connecting all of the Roman Republic Topics (the same color you used for the Roman Republic Topic box**
