Dear Parent(s):

Our sociology class is continuing the study of socialization in America. Originally, we planned to watch *Tough Guise 2*, but due to its content, we have chosen to view another film instead. Rather than *Tough Guise 2*, the sociology class will be viewing *The Mask You Live In* (2015). The unrated film includes interviews, photos, and video clips that use strong language and potentially offensive images for some viewers. You may review information regarding the documentary at <http://therepresentationproject.org/film/the-mask-you-live-in/>.

If you object to your student watching this film, an alternative version may be available. By signing the bottom of this permission slip, you are consenting to allow your child to view the film and participate in the class discussion and related assignments. Please feel free to discuss any questions or concerns with me regarding the film.

Thank you.
